## SCHOOL ATTENDANCE

As of today's date, \_\_\_\_/\_\_\_\_/\_\_\_\_,

\_\_\_\_\_ has accumulated \_\_\_\_\_ total days of non-attendance  
of which \_\_\_\_\_ days have been supported by a doctor as medically unable to attend school.

**Attendance** - In order to succeed in school, regular attendance is a must. If a student is absent for any reason, a written note of explanation from a parent/guardian or doctor is required. If a student misses too many classes, whether it is due to illness, a medical condition, appointments, vacations, and even with parental permission, their school year may be in jeopardy. It is recognized that days absent can occur for a number of legitimate reasons and that a student with effort and "catch-up" time can maintain their marks to a point. However absenteeism beyond a certain point (warning letters will be sent home) will not allow a student to demonstrate the learning expectations as stated by the Ontario Ministry of Education. Late to school and/or late to class is a form of absence and it will affect marks and school performance as well. Excessive lates can also result in their school year (courses) being in jeopardy. If marks and/or school performance are being negatively affected by a child's absenteeism, parents will be notified by letter at each level of absenteeism."
